

Social Connections – Mentoring Project

Helping social enterprises to develop and become more sustainable

Business in the Community (BITC) is working in partnership with The Wales Co-operative Centre to deliver a business mentoring project for social enterprises in Wales.

The project will provide social enterprises with a business mentor to enhance their knowledge and support them to build a more sustainable business.

The aim of the programme is for senior business leaders to share their wealth of skills, expertise and networks with social enterprise managers to help develop their knowledge, activity and confidence to build stronger, more sustainable businesses. It also provides an opportunity to help establish mutually beneficial partnerships between businesses and individual social enterprises over the longer term.

The mentoring relationship will last for approximately one year and you will meet with a business mentor face-to-face a minimum of four times a year supplemented by additional meetings, phone calls and emails as appropriate.

What we are looking for

We are looking for social enterprises that feel they can benefit from one to one mentoring from a senior business leader. Business mentors can support with:

- Business Planning / Strategic Planning
- Financial Management
- Winning new business / contracts
- Successfully marketing your products or services
- Generating a profit
- Diversifying into new markets
- HR issues
- Leadership and Management

If you are a social enterprise that requires support with these or any other business related issue please contact Business in the Community.

To find out how you can benefit please contact: Jill Salter, Operations Manager
